Dear Mr. Ebneter:

Thank you very much for your informative presentation last week at our Region II construction inspector counterpart meeting. My staff thoroughly enjoyed your presentation on lessons learned from the last wave of nuclear construction in the United States. Your presentation was well received and served as a valuable part of our program to ensure that the lessons learned are reviewed to provide insights for future construction oversight activities.

It was interesting to hear your stories about interfacing with licensees during that period of time. And it was sobering to hear similar issues that we are seeing in the current construction. activities.

Again, thank you, and good luck in your future endeavors.

Sincerely,

/RA/
