In the Matter of
PACIFIC GAS AND ELECTRIC COMPANY
(Diablo Canyon Power Plant, Units 1 and 2)
Docket Nos. 50-275-LR and 50-323-LR

Dear Administrative Judges:

In accordance with the Board's September 15, 2010, Memorandum, and Section 2.1203(a), the NRC Staff is providing notice that it has created the hearing file for this proceeding and has made it available to the parties. For any member of the public that wishes to inspect the hearing file, the NRC Staff will create a separate folder in the agency's Electronic Hearing Docket ("EHD") associated with this proceeding entitled "Diablo Hearing File," and the documents, along with an index listing the documents, will be published in that folder. Due to technical difficulties, the NRC Staff was not able to include all documents required to be in the hearing file by October 15, 2010. The NRC Staff intends to supplement the hearing file next week with those documents. At that time, the NRC Staff will send the parties and the Board notification of the update. The Staff has discussed this problem with the other parties to this proceeding, and no other party had an objection to the delay for adding some documents to the

hearing file. The NRC Staff apologizes for any inconvenience or confusion that may result from the delay these technical difficulties caused.

Respectfully submitted,

/signed (electronically) by/
