Dear Sirs:

RECEIVED

re: Docket # 030-36974
Draft Environmental Assessment
Paina Hawaii Irradiator

Please notify me of your process.
I am requesting your environmental review be more comprehensive, more scientific, & more specific.
I am concerned about the proposed facility's negative impact on Hawaii's economy. We pride ourselves in providing a ~~the~~ healthy state for tourists and for the export of our food to the growing population which demands pure food. Also I am concerned about potential harm from the facility in case of accidents (please give the history of " at other facilities) and terrorism.

Sincerely
Marie Riley

Ms. Marie Riley
