Summary:	I informed Ms. Cuevas that Advanced Medical Imaging of Tom's River had not completed the process for the amendment to transfer the license to them. We received some information that they may not complete this amendment. I informed her that her company was responsible for the licensed material that was obtained under this license at this time. I discussed the process for termination of the license and that any material under the license would need to be transferred to a specific license or received by a waste vendor. I also discussed that Advanced Medical Imaging of Tom's River may still complete the amendment but had not completed that action to date.
