Dear Ms. Murrell:

I am responding to your letter dated February, 20, 2007, inviting contribution of a 5,000 word article on the topic of "Security Sensors for Protection of Critical Infrastructures," to the Wiley Handbook of Science and Technology for Homeland Security. While I appreciate your offer to contribute, there is no one in my organization who would be able to contribute the necessary resources to this project due to the volume of our workload. Thank you for your invitation.

Sincerely,
