Glenn,

I got some additional informatition this morning but I do not have all of the details of the visit. This is what I know so far. The visit is planned for Wednesday January 14. The visit is sponsored by Unistar. There will be 27 personnel from the Department of State including Ambassador Jackie Wolcott, Special Envoy for Nuclear Nonproliferation and Douglas Hengel, Deputy Assistant Secretary for Energy, Sanctions and Commodities. They will tour the plant inside the protected area. I planned on conducting an informal meet and greet.
