Subject:	RE: Confirmation of call concerning Limerick Generating Station License Renewal
Date:	Tuesday, September 13, 2011 10:18:51 AM

Thank you for the information, and at this point we do not believe this license renewal will have any impact on SGL 234.

Thank you

Bruce C. Metz
Land Management Supervisor
Southeast Region
Pennsylvania Game Commission

Subject: Confirmation of call concerning Limerick Generating Station License Renewal

Mr. Metz,

Thank you for your time this afternoon to speak to me by phone. I appreciate the information you provided concerning anticipated impacts to nearby Pennsylvania State Game Lands if the Limerick Generating Station (Limerick) is allowed to operate for an additional 20 years beyond its current license expiration dates. If the licenses for Limerick Units 1 and 2 are renewed, they will be licensed to operate until October 2044 (Unit 1) and June 2049 (Unit 2).

Exelon Generation Company staff, the operator of Limerick, stated in their license renewal application that during an April 7, 2011 telephone call, you said that since the project will not involve new construction or tree clearing that you anticipate no impacts to nearby State Game Lands. During our conversation today, you confirmed that you believe the project will have no impacts on nearby State Game Lands. If I have misunderstood or misrepresented our conversation, please let me know.

As requested, below is information concerning the U.S. Nuclear Regulatory Commission's upcoming public meeting on Thursday, September 22, which will provide an overview of our license renewal review process and solicit environmental scoping comments. It will be held near Limerick to ensure interested local people can attend. Feel free to forward this information to anyone or any organization you feel would be interested, or let me know so I can send the information. I've placed advertisements in local newspapers; notified State, regional, and local government officials; will place flyers in local libraries/community centers; and will post information on the NRC's public website (http://www.nrc.gov/public-involve/public-meetings/index.cfm).

Feel free to contact me with any questions, and thank you, again, for your assistance.
Lisa Regner

Limerick Generating Station:
License Renewal Overview and Environmental Scoping Public Meeting

Thursday, September 22, 2011
Sunnybrook Ballroom
50 North Sunnybrook Road
Pottstown, PA 19464

Two identical sessions:
2:00 – 4:00 PM
7:00 – 9:00 PM

Open House:
1:00 – 2:00 PM
6:00 – 7:00 PM

The **Public Meeting** will provide a brief overview of the U.S. Nuclear Regulatory Commission's review process for nuclear power plants that request to operate for 20 years beyond their current license expiration date. The meeting will also allow the public to provide comments on the environmental scoping of the Limerick plant. The staff wishes to hear about unique aspects, significant issues, and other projects in the area surrounding the Limerick plant from the local constituents. This will allow the staff to complete a comprehensive and in-depth review of the environmental impacts of allowing the plant to operate for an additional 20 years.

The **Open House** invites interested members of the public to meet with NRC staff on an informal basis to ask questions. Scoping comments will not be accepted during the open house.

Please contact Ms. Lisa Regner at 1-800-368-5642, ext. 1906, or Lisa.Regner@nrc.gov with any questions. Also, please contact Ms. Regner by **September 9 with any special needs requests**, or by **September 16 to register to speak**. Attendees can also register to speak at the meeting.

Comments can be submitted several ways (deadline **October 28, 2011)**:

- **In person** at one of the above meetings on September 22.
- **By email at the Federal Rulemaking Web Site**:

At http://www.regulations.gov search under Docket ID: **NRC-2011-0166**. Look for the title, "Exelon Generation company, LLC; Notice of Intent to Prepare an Environmental Impact Statement and conduct the Scoping Process for Limerick Generating Station, Units 1 and 2;" click on the "*submit a comment*" link on the right hand side of the page.

- **By mail** (please reference Limerick license renewal):
  Ms. Cindy Bladey
  Chief, Rules, Announcements, and Directives Branch
