Control No. 140444

Daniel A. Kane
Acting President and CEO
Bayonne Medical Center
29 East Twenty-Ninth Street
Bayonne, NJ 07002

SUBJECT: BAYONNE MEDICAL CENTER, ACKNOWLEDGMENT OF FILING OF VOLUNTARY PETITION FOR BANKRUPTCY, CONTROL NO. 140444

Dear Mr. Kane:

This refers to the letter dated April 27, 2007, from Mr. Vito Comes, your Executive Director of Imaging and Vascular Services, informing this office that on April 16, 2007, Bayonne Medical Center filed for bankruptcy under Chapter 11 of the United States Bankruptcy Code. Your letter is accepted as the notification required by 10 CFR 30.34(h).

Please be informed that this bankruptcy filing does not relieve Bayonne Medical Center of its obligations to comply with NRC requirements, including those relating to security and control of licensed material; decontamination and decommissioning of contaminated facilities; and the retention of personnel required by NRC requirements (e.g., the Radiation Safety Officer, authorized users, etc.). Additionally, the license conditions, and the license remain in full effect even beyond the stated expiration date of the license, until terminated in writing by NRC, and inspections of your activities by the NRC will continue to occur.

You may not transfer control of your license or licensed material without prior written NRC approval, except as authorized by NRC regulations. You should ensure that your attorney and any trustee involved in the bankruptcy proceedings are aware of these obligations. Additionally, any person or entity who takes control of licensed activities or possession of the licensed material must first obtain an NRC license.

Please notify this office in writing if you are unable to meet any of these conditions, and when the bankruptcy proceeding is completed. You may contact Sandra Gabriel of this office at (610) 337-5182 if you have any questions or information concerning the status of your licensed activities.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Industrial, and Academic Uses of Nuclear Material;** then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498. The GPO is open from 7:00 a.m. to 9:00 p.m. EST, Monday through Friday (except Federal holidays).

Thank you for your cooperation.

Sincerely,

Original signed by Pamela J. Henderson
