Docket Nos. 50-390
and 50-391

JUN 2 1971

Mr. Walter Lambert, Director
Office of Urban & Federal Affairs
321 Seventh Avenue, North
Nashville, Tennessee 37219

Dear Mr. Lambert:

The Tennessee Valley Authority, Knoxville, Tennessee, has filed an application for licenses to construct and operate two pressurized water nuclear power reactors at the applicant's site in Rhea County, Tennessee. The site is located on the west bank of the Tennessee River and is approximately 50 miles northeast of Chattanooga, Tennessee. The proposed reactors are designated as the Watts Bar Nuclear Plant Units 1 and 2 and are each designed for a maximum expected output of 3425 megawatts (thermal) with a gross output of about 1180 megawatts (electrical).

A copy of a related notice which has been forwarded to the Office of the Federal Register for publication is enclosed for your information. Also enclosed is a copy of the application including Volumes 1, 2, 3, and 4 of the Preliminary Safety Analysis Report for this project.

We will keep you informed of all future actions regarding this application.

Sincerely,

Original Signed by
P. A. Morris

Peter A. Morris, Director
Division of Reactor Licensing
