SUBJECT: WESTINGHOUSE ELECTRIC COMPANY, REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE

Dear Ms. Sterdis:

By letter dated November 2, 2007, Westinghouse Electric Company LLC (Westinghouse) requested that the information contained in the following document be withheld from public disclosure pursuant to Title 10 of the *Code of Federal Regulations* (10 CFR), Part 2, Section 2.390:

APP-GW-GLR-079, (TR26), Revision 2, "AP1000 Verification of Water Sources for Long-Term Recirculation Cooling Following a LOCA"

A redacted version copy of this document has been placed in the Nuclear Regulatory Commission's (NRC's) Public Document Room and added to the Agencywide Documents Access and Management System Public Electronic Reading Room.

The NRC issued Regulatory Issue Summary (RIS) 2005-06, "Control of Sensitive Unclassified Nonsafeguards Information Related to Nuclear Power Reactors," dated November 7, 2005. The RIS addressed the handling of information which might compromise the security of nuclear facilities. We have reviewed your application and the material in accordance with the requirements of 10 CFR 2.390 and, on the basis of your statements, and the RIS, have determined that the submitted information sought to be withheld contains sensitive material relative to the physical protection of an AP1000 Nuclear Plant and should be withheld from public disclosure.

Therefore, the version of the submitted information marked as containing sensitive unclassified nonsafeguards information relative to the physical protection of an AP1000 nuclear plant will be withheld from public disclosure pursuant to 10 CFR 2.390(d) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

If you have any questions regarding this matter, I may be reached at 301-415-2304.

Sincerely,

/RA/

Michael J. Miernicki, Project Manager
AP1000 Projects Branch 2
Division of New Reactor Licensing
Office of New Reactors

Project No.: 740
