Summary:	The licensee would like to add 4 AU's on the license. Two of the preceptors were on agreement state licenses and the other 2 were on NRC broad scope medical licenses. I requested from Mr. Smarte a copy of the license from each state for the agreement state preceptors and statements from the radiation safety committees stating the authorized use for the NRC preceptors. Mr. Smarte repeated back to me what was needed from him. I informed him this telephone conversation was a formal request for additional information and he had 30 days to reply. On January 7th, I received a call from Mr. Smarte stating he had the statement for the NRC preceptors and was waiting on the state agreement copies.
