PB Debrief 9/28/07

AIT Purpose: Fact finding. 4 dates taped of inattentiveness
39 interview of ≈139 guards. Also mgmt personnel, supervisors etc.
Some said common to close eyes in Ready Room
Did not find to be related to OT or work hours
One of a indicated common practice in RR to sleep.

Looking forward to seeing internal investigation
Clear to us that common PB culture led to this.
Ready Room not conducive to mgmt oversight or attentiveness
Supv failed to effectively reinforce expectations.

Can be in Ready Room for 12h shift - not used as a
rotating duty location

Security not significantly degraded. Impact defense-in-depth

Immediate CA appropriate addl oversight NERs, OPEX, Supv. in
Ready Room, Random radio checks
(instead of sequential).

TMI supv discouraged allegations coming forward

CBOP did not work here
