Have you ever traveled around Utah? I am from Maine, but wintering here in Utah, with my daughters. I have been following the issue of Energy Solutions plan to store radioactive waste from Italy. I am against this plan. This is not my state, but it is my country, and I would object to this plan anywhere in the U.S. Where were a problem is generated - it should be disposed. Show some action to whom you serve. Save our planet for generations yet un-born.
