SUBJECT: REQUEST TO DOCKET DECEMBER 1995, CROW BUTTE RESOURCES INC. LICENSE RENEWAL APPLICATION (DOCKET NO. 40-8943)

Please docket the enclosed application for license renewal, dated December 1995, from Crow Butte Resources, Inc. (Crow Butte). By letter dated December 20, 1995 (previously docketed under Accession No. 9601030089), Crow Butte provided completed application forms for the renewal of its NRC Source Material License SUA-1534 and stated that the application would be mailed under separate cover. The enclosed is that application.

Three copies of the application were provided to the NRC Headquarters office and one copy to Region IV office. I am retaining two copies of the incoming three copies for the technical staff's review, and request that no further copies of the application be made for RIDS distribution.

Thank you for your assistance. I can be reached at 415-6699 if you have any questions.
