Dear, Sirs DOCKET NO. 11005711

858

In the Early 1950s I was discharged from the 82 ABN DIV. In Ft Bragg north, carolina. I served as a motor Pool sgt + a Jumpmaster + was honerably Discharged.

I brought my beautiful wife Back to my home town, Parowan Utah.

at that time for a few years, the test grounds in nearBy Nevada was testing automic Everything. in the Early 1950s a lot of uranium was Involved.

Utah had a Bund after a Bundle of Radiation fallout.

a gigar counter would go crazy almost anywhere.

Radiation was Everywhere.

DOCKETED
USNRC

March 24, 2008 (4:15pm)

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

I Beautiful wife from north caroling Lona Dalton Died may 27TH 1982 after suffering with cancer for seven years.

the Radiation fallout in the Early 1950s was Bad.

we do not need any automic waste, wher Ever It might come from Burried anywhere in utah.

Sincerely-
Arnold L. Dalton
