DOCKET NO. 11005711

April 1, 2008

Secretary, U.S. Nuclear Regulatory Commission
Washington D.C. 20555-0001

1027

Attn: Rulemaking and Adjudication Staff.

Dear Staff;

I am strongly opposed to our nation accepting nuclear waste from abroad.

The dump would be a burden for Utah, and a necessary evil for our country.

Beginning this summer, it will be the only disposal option available for domestic waste from 36 of our states.

Do we want to be known as the nuclear waste dump of the world?

Please do your utmost to keep this from happening.

Sincerely,
Lillie E. Skinner
