Name of Licensee:	Rockingham Memorial Hospital
Name of Participant(s):	Jana Miller, RSO Willie Lee, NRC
Telephone No.	540-564-5447
Subject: (NOTE: This will be used as the Documents Title in ADAMS)	License Amendment Request
Summary:	I called Ms. Miller to inquire whether they possessed 35.500 diagnostic sources. I informed her that none of the Authorized Users were listed for that material authorization, which was an apparent oversight during the last renewal process. She stated that they did possess gadolinium-153 attenuation correction sources. I informed her that I would include 35.500 material authorization for Michael Smith MD, Joseph Behl MD, Thomas Bundrick MD, and Dennis Rohrer MD, since they were previously authorized for use of a diagnostic sealed source.
Action Required:	Proceed with license amendment.
