SUBJECT: RECEIPT OF APPLICATION FOR AMENDMENT OF CERTIFICATE OF COMPLIANCE NO. 9315 - ACKNOWLEDGMENT LETTER

Dear Dr. Shuler:

By letter dated November 5, 2007, the U.S. Department of Energy (DOE) submitted an application requesting an amendment to Certificate of Compliance (CoC) No. 9315 for the Model No. ES-3100 package. Specifically, two fairly administrative changes were requested to be reviewed.

This letter acknowledges receipt of your application and informs you that the application appears to contain the necessary information to begin our technical review. We have established schedules for the technical review of your amendment request. The schedule allows for the staff to issue a possible request for additional information (RAI) in January 2008. To meet the schedule, it is incumbent upon DOE to respond promptly and comprehensively to any RAI. If no RAI is needed, and based on the staff's evaluation, the amended Certificate of Compliance may be issued at approximately that time.

Please reference Docket No. 71-9315 and TAC No. L24146 in any future correspondence related to this licensing action. If you have any questions regarding this matter, you may contact me at (301) 492-3339.

Sincerely,

/RA/
Kimberly J. Hardin, Senior Project Manager
Licensing Branch
Division of Spent Fuel Storage and Transportation
Office of Nuclear Material Safety
and Safeguards

Docket No. 71-9315
TAC No. L24146
