Washington, DC 20555

att: Rulemaking and Adjudications
Dear Sirs: License Application 11W023
In reference to Nuclear Dumping Ground in Tennessee,
Please, take into Consideration to dumping nuclear ground in Nevada. We have lots of desert ground that the government could use, instead of TN., a state that has many caves and underground water that would be pollutted! I hope you will make a good decision for TN.!

Sincerely,
Ina P. Andrus
