Subject: Follow Up RAIs on Structures

Mike and Donna,

Attached are draft follow up RAIs on structures. These follow up questions are based on a review of Entergy's responses dated February 27, 2008, and as discussed in a telephone conference held on April 16, 2008. Please let me know if you need a telecon to obtain clarification. If not, I will send the RAIs formally. Please note that I am referring to the RAIs in parentheses as "Follow Up." The purpose for doing so is solely for tracking. Also note that D-RAI 2.4.2-2 is the new RAI that was briefly discussed during the telecon. Please let me know if you have any questions.

Thanks.
