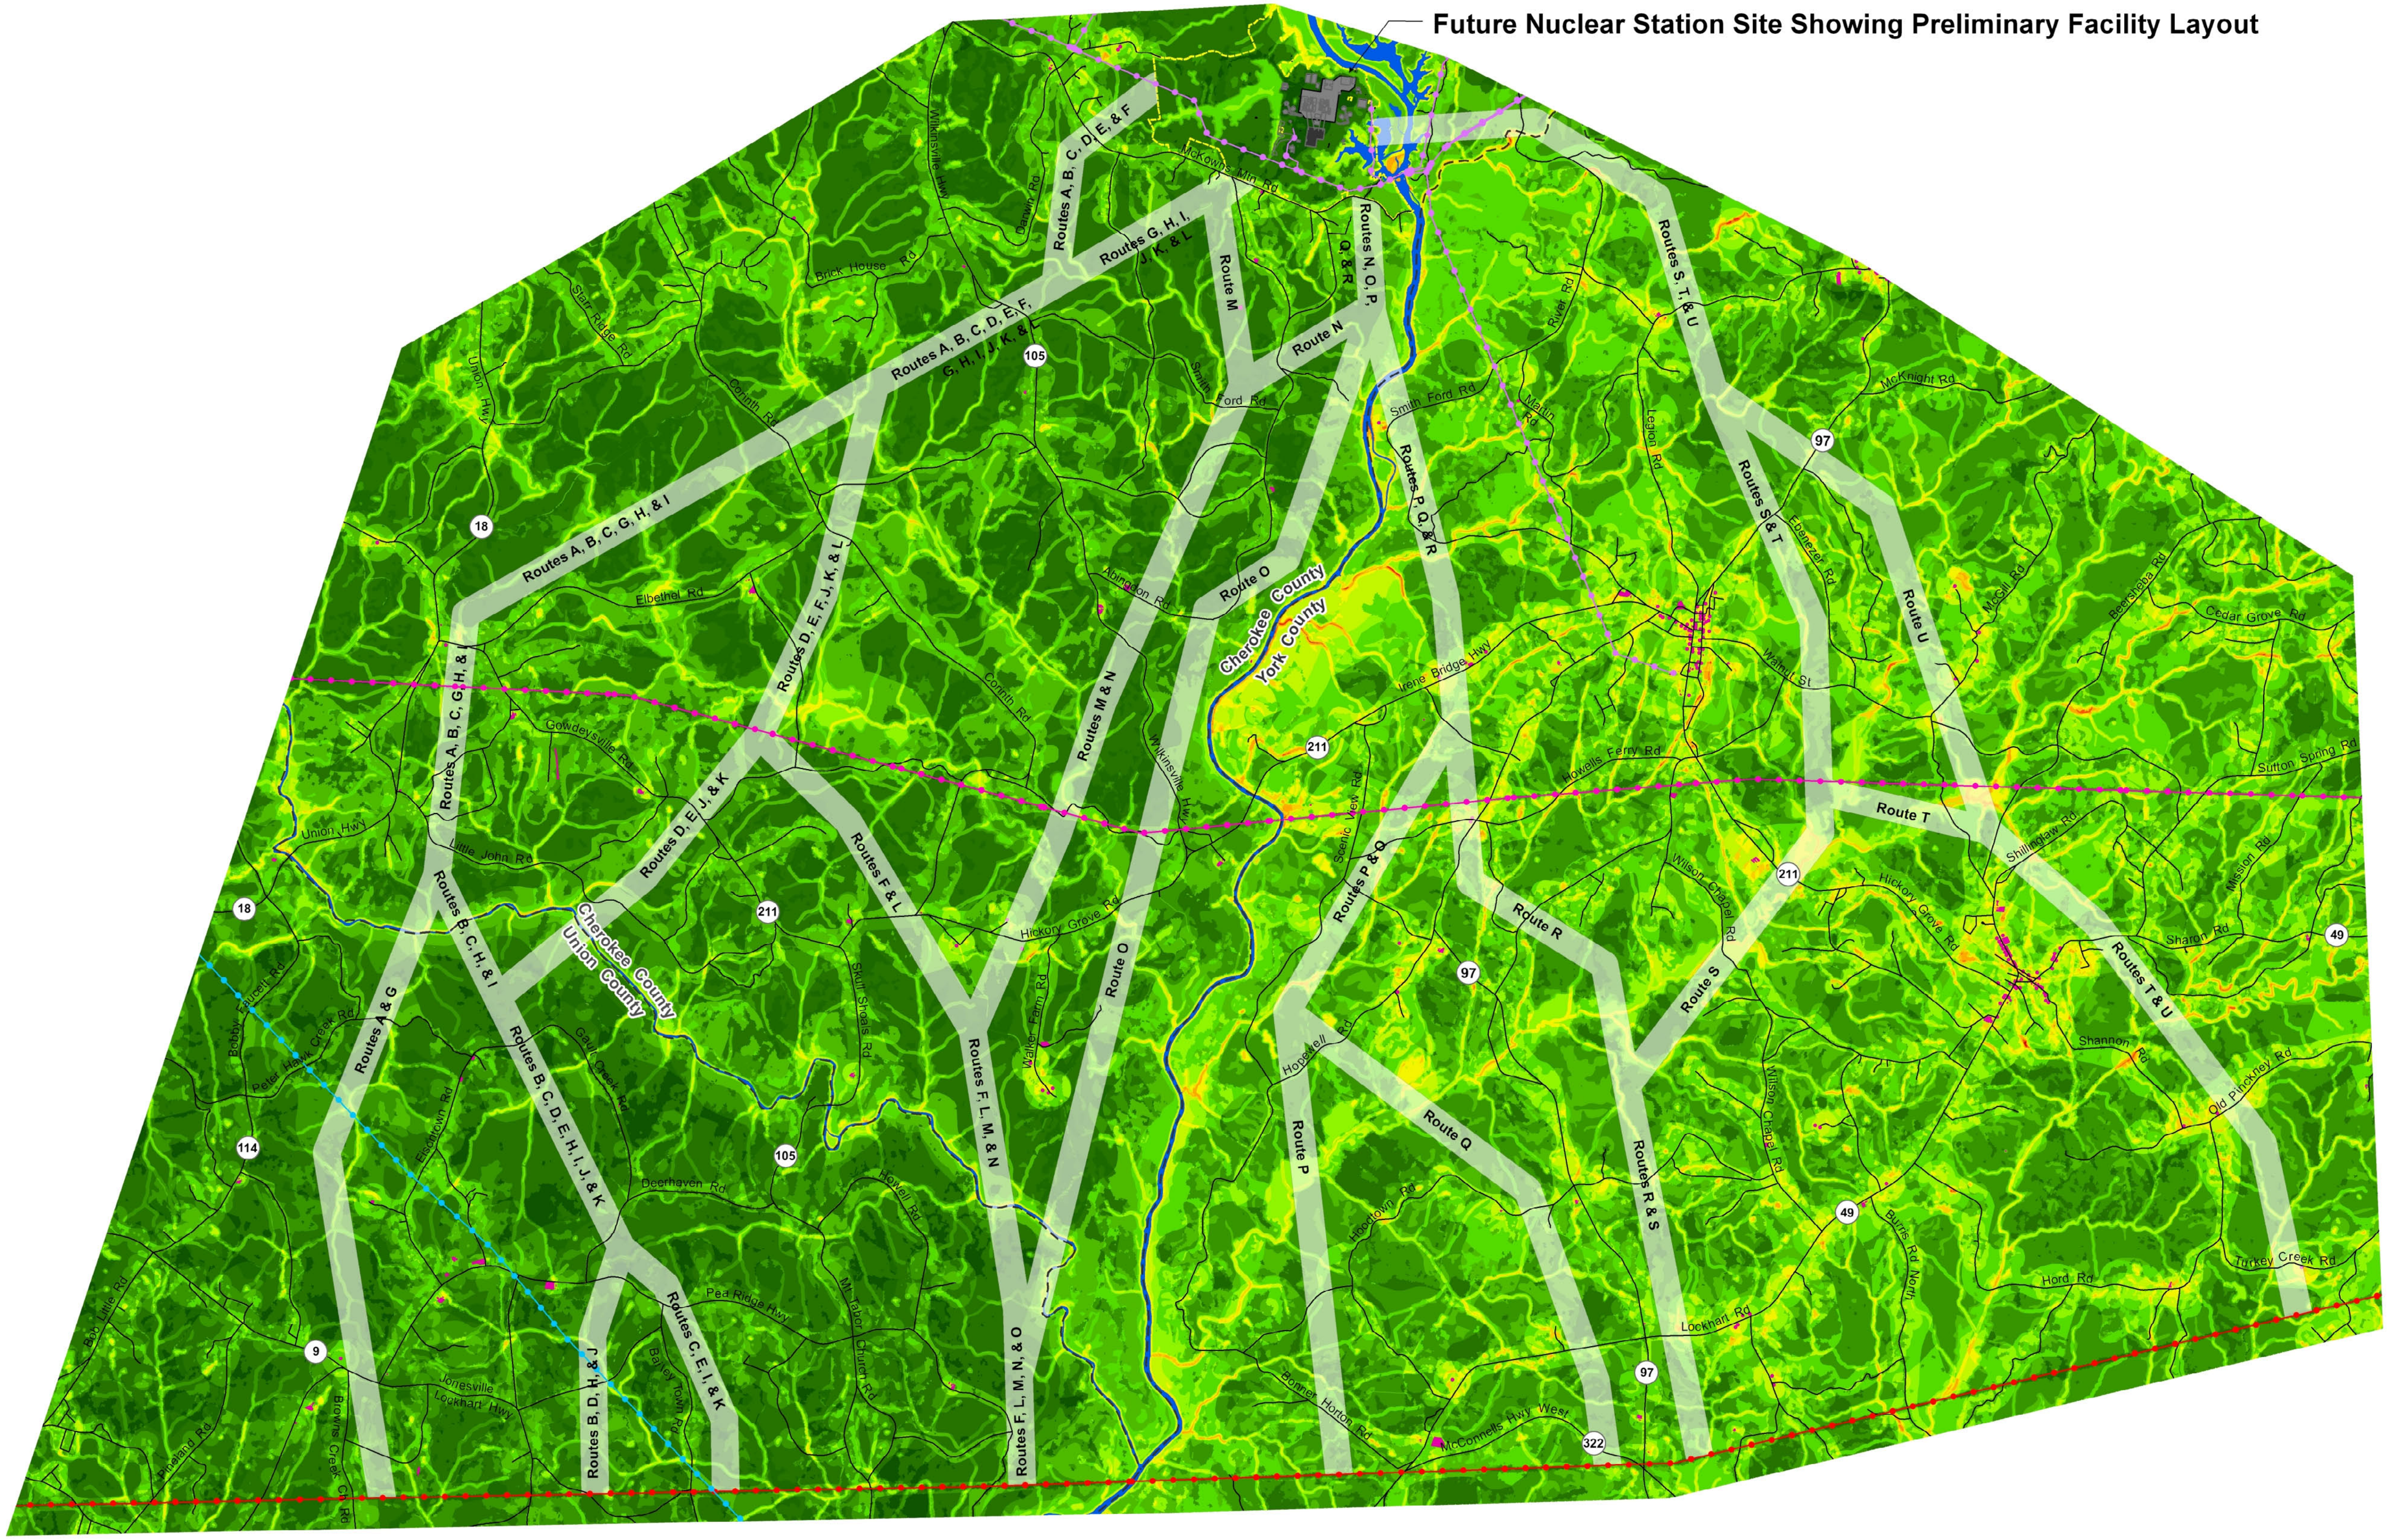
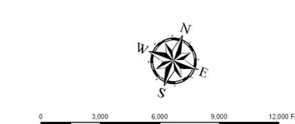
Future Nuclear Station Site Showing Preliminary Facility Layout



NOT DRAWN TO SCALE

Legend

- 44 kV Transmission Line
- 100 kV Transmission Line
- 230 kV Transmission Line
- 525 kV Transmission Line
- Public Road
- County Line
- Alternate Route Corridor
- Plant Infrastructure (Preliminary Layout)
- 230 kV / 525 kV Switchyard (Preliminary Layout)
- William S. Lee III Nuclear Station Property
- River
- Highest Constraint
- Lowest Constraint



Suitability

Note: This map is for planning purposes only. It does not contain survey information and no attempt should be made to represent any part of this drawing as such.

WILLIAM STATES LEE III
NUCLEAR STATION UNITS 1 & 2

Suitability of the Siting Study Area
for Transmission Line Routing
