John,

It probably should be on the public web page. I copied Laura Quinn because she may know if the scoping meeting will be put on the Web thru DSER processes.

Laura, please let John know if the notice will be posted on the public website.

Thanks,
Tom F.

Tom,

When you notice the scoping meeting should we also put it on the public webpage? If so please let me know when you notice it and I'll get the webpage revised.

Thanks.
