NOTE TO FILE

Licensee: Morrison-Maierle, Inc..
Location: Bozeman, MT
License No.: 25-17563-01
Docket No.: 030-12975
Amend No.: 16
Date: September 5, 2008

Issue/Concern: Currently the license contains the SUNSI markings. However according to the SUNSI criteria outlined in RIS 2005-31, there is nothing in the license that would require it to contain the SUNSI markings. Therefore, the license is not subject to SUNSI criteria as outlined in RIS 2005-31.

After discussion with Rachel Browder, we are in agreement that RIS 2005-31 does not apply to this materials license; therefore, the SUNSI paragraph will not be included in the materials license cover letter nor will the SUNSI markings be included in the materials license for Amendment No. 16.
