Clinton August 2007 Initial Examination Operating Test Comments
August 23, 2007

Admin JPM RO-04	Difficulty level? This material would be expected of anyone that has had GET. Not license exam difficulty level. Replace JPM.	*JPM replaced with new JPM: Determine Expected Dose Operator Would Receive While Performing an LLRT.*
JPM 07	The JPM has no safety consequences to the public if it is incorrectly classified. JPM needs to go to a GE and provide PARS.	*JPM replaced with new JPM: EAL Determination.*
