Tanya;

We believe chapter 14 pre-op tests may take care of this issue. Can we have till tomorrow to finalize our research and get internal buy-in. If we need a call I would like to have iton Monday since we need the extra time and Friday is a busy day.

Hello Bob,

The staff has reviewed the suggested information in the FSER action item in DCD Tier 1 2.5.2-8 item 1 ITAAC.
The staff has determined that they do not find the ITAAC in DCD Tier 1
2.5.2-8 item 1 acceptable in its current form to satisfy the COL action item. One proposed resolution is to add a sub-bullet to Table 2.5.2-8 item
1 to call out specifically that the "as-built I&C design configuration"
conforms with schematics.

If you feel a phone call is needed to clarify this information, Friday, June
27 at 9:00a or 11:00a are available.

Thank you,
Tanya
