Subject: Hydrology Visit

Ravi,
Following are some proposed times for a hydrology visit here at the site:

1. Week of 10/27
2. Week of 11/17
3. Week of 11/10 (our primary in-house expert is not available on 11/12 of that week; also Veteran's Day is 11/11 – did not know if that was a holiday for ya'll or not – it is not for us)

I was hoping we could be available the first part of October, but some of our contractors are not available until then. If these dates do not work for your team, we will find a way to work something out.

Thank you!

Amy
