Dear Chief,

It is my hope to submit a high threshold non-technical written public comment, surface-mailed, during the appropriate period, for "Uranium Recovery GEIS" (In-Situ Uranium Milling Facilities). Unfortunately, it is a hardship for me to leave my activities at home in the hours that my local library is open to scope same GEIS via computer. It is even more of a hardship, as can be deduced,

(no copy retained or sent out)

September 15, 2008

for me to leave for even longer to travel all the way to Albuquerque, scope and return.

I respectfully ask you, Chief, to surface-mail me hardcopy of "Uranium Recovery GEIS" (In-Situ Uranium Milling Facilities). I have neither land-line nor cellphone to call 1-800-397-4209. I'm afraid; again, hardship; I would not call, anyway. I am throwing myself upon your mercy to surface-mail same GEIS free of charge.

Please send to:

Rebecca G. Perry-Piper
