Subject: Calvert Cliffs Revised Alternate Site Visit

Dear Mr. Wrobel,

The staff plans to visit the revised alternate site (former Thiokol site) October 16, 2008. Due to unavailability, some staff may need to visit the site at a later date.

Please provide guides who are familiar with the site and environment, the potential layout of the plant on the site, and can identify the path that would be used to bring water from the Patuxent River to the proposed alternate site.

Please provide the references Unistar used to obtain the information submitted in the response to RAI #201, discussing the proposed alternate site.

A visit should also be arranged to the Calvert Cliffs Site to see the proposed new location of the intake structure for Unit 3.

Sincerely,

Thomas Fredrichs, Sr. Project Manager
