To Whom It May Concern:

My husband + I are newcomers to this area, however he grew up in Burke County long before Plant Vogtle was built. We've been here for at least 19 mos. and have attended more funerals than we care to remember from people dying from cancer. Just as many

SECY-043 DS-03

of them are whites as well as blacks. Please think long + hard before granting a license or certificate of operation + installation for the additional reactors. Hopefully this area does not become Petolia, Pa., Chernobyl + three (3) mile Island.

Sincerely yours,

Mildred J. Friklin
