The Honorable Michael D. Griffin, Administrator
National Aeronautics and Space Administration
Washington, DC 20546-0001

Dear Dr. Griffin:

In my letter dated January 24, 2008, I informed you, on behalf of the U.S. Nuclear Regulatory Commission (NRC) that Dr. Richard R. Sherry would serve as NRC's technical advisor to the Interagency Nuclear Safety Review Panel (INSRP) for the Mars Science Laboratory Mission sponsored by the National Aeronautics and Space Administration. However, Dr. Sherry recently retired and is no longer available to serve in that capacity. Consequently, I now designate Mr. Gary M. DeMoss as our technical advisor to the INSRP for the mission. I have enclosed a brief biographical sketch of Mr. DeMoss's career accomplishments for your review. Please feel free to contact Mr. DeMoss at (301) 415-1602 or by email to Gary.DeMoss@nrc.gov.

Sincerely,

/RA/ J. Lyons for

Brian W. Sheron, Director
Office of Nuclear Regulatory Research
