Dear Mr. Park,

I am writing to you to ask that the NRC follow the National Environmental Policy Act (NEPA) and conduct individual environmental impact statements for all proposed in situ uranium mines. The people of the potentially impacted areas and communities deserve the respect and individual attention the NRC should be giving when considering something as potentially dangerous as an in situ uranium mine.

I am particularly concerned with the County of Goliad in Texas, a unique town and country who's groundwater, economy and environmental health is being destroyed by uranium exploration and planned mining

Thank you,

J Naom Linzer
