George,

The issue with the packing slip is as follows:

The Submitter Name was submitted as "Unistar" and should have been submitted as "Unistar Nuclear - Calvert Cliffs".

The submitter needs to update the packing slip wizard installation with the enclosed file which has updated submitter names.

To install, copy the enclosed file NRCPackingSlip.xsd to the folder " C:\Program Files\USNRC\NRC Packing Slip Wizard" where the Packing Slip Wizard is installed.

The existing file in that folder should be overwritten.

If Certrec has any questions, we can have a quick call with them to explain. This update was sent out previously, but I understand there was a transfer of the COLA prep from Finite Matters to Certrec so it probably just got overlooked in the transfer.
