December 11, 2008

Mr. Richard Bartz, Chairman
Berrien County Board
701 Main Street
St. Joseph, MI 49085

Dear Mr. Bartz:

SUBJECT: LOCAL OUTREACH INITIATIVE

The U.S. Nuclear Regulatory Commission (NRC) is responsible for regulation of the D.C. Cook nuclear power plant located in Stevensville, MI. We are continuing our outreach activities, meeting with county government officials, mayors, and tribal representatives near the 16 nuclear power plants that we regulate within Region III. We hope to establish a point of contact for you to use in the event you have questions regarding NRC activities in the future, and we will explain the NRC's role and mission. We would also like to tell you about the D.C. Cook Nuclear Plant resident inspector program; security enhancements and other outreach activities that the NRC is conducting that may involve members of the public around the plant.

I would like to meet with you at your office for a brief, informational meeting and plan on contacting you in the next several weeks to establish a date and time. In the meantime, please contact me at (630) 829-9659, or via email at Harral.Logaras@nrc.gov, if you have any questions.

Sincerely,

/RA/

Harral Logaras
Regional Governmental Liaison Officer

cc: T. Strong, Chief, Radiological Protection
and Medical Waste Section, MI Dept. of
Environmental Quality
Captain Washington, Commanding Officer,
Emergency Management and Homeland
Security Division, MI State Police
Lt. M. Bradley, Coordinator, Berrien County
Emergency Management
W. King, RAC Chair, FEMA Chicago Field Office
