Re: License Number 47-25351-01

To Whom It May Concern:

Please amend our materials license to reflect the following change:

Add Richard Birnbaum, M.D. to our NRC license as an authorized user for materials identified in 10 CFR 35.200. Verification of Dr. Birnbaum's training and experience include a letter noting completion of 650 hours of in house training at the University of Virginia and a certificate of completion for 50 hours of classroom training in the appropriate categories. Copies of these documents are attached for reference.

After thoroughly reviewing this individuals work, credentials, and work history, I certify that this individual has achieved a level of competency sufficient to function independently as an authorized user of materials identified in 10 CFR 35.200.

Thank you for your attention to this matter.

Sincerely,

Steven Walter, M.D. RSO Authorized User

## DEPARTMENT of RADIOLOGY

July 2, 2003

To whom it may concern:

This letter is to confirm that Rich Birnbaum, M.D. gained clinical experience at our institution in Nuclear Cardiology. His fellowship period was from July 2001, through June 2003. During that time he actively participated in clinical procedures for a total of 4 months in the Nuclear Cardiology Laboratory.

During this time, Dr. Birnbaum acquired experience with the technical and administrative procedures of our facility and with general operations as stipulated by our license conditions. His experience meets or exceeds 650 hours of clinical training and technical experience as outlined in NRC part 35.1 and 35.2. Dr. Birnbaum has the training/experience equivalency to Level 2 training in Nuclear Cardiology recommended by the COCATS guidelines including the 300 cases requirement with 30 angiographic correlations.

Sincerely,

hm. y
