Subject: Conference Call Summary - February 10, 2009 - Bellefonte COLA meteorology discussion

MEMORANDUM TO: File (Docket Numbers 52-014, 52-015, Bellefonte Units 3 and 4 COLA)

FROM: Joe Sebrosky
Office of New Reactors, Division of New Reactor Licensing
Senior Project Manager, AP1000 Projects Branch 1

SUBJECT: Summary of Conference Call with Applicant on February 10, 2009

On February 10, 2009, NRC staff participated in a telephone conference call with TVA representatives and observers (see list below) regarding the staff's detailed review of the Bellefonte Units 3 and 4 COLA. The purpose of the call was to discuss the Chapter 2 meterology review.

The staff identifed a change that they believe was needed to the FSAR. Specifically, Table 2.3-307 lists a monthly mean precipitation value of 5.1 inches for October. However, the text on page 2.3-19 references a value of 3.9 inches from April instead of the higher value of 5.1 inches from October. The staff indicated to TVA that the discrepancy on page 2.3-19 needed to be fixed. TVA agreed that there was a discrepancy and also agreed to commit to fixing the discrepancy in a letter to the NRC. The NRC staff agreed to this approach.

The NRC attendees were:
Joe Sebrosky
Tom Galletta

TVA (applicant) attendees and observers were:
Tom Spink – TVA
Eddie Grant – NuStart
Rich Grumbir – NuStart
Ron Davis – NuStart/Enercon
Marvin Morris – NuStart/Enercon
Shelly Kowkabany – NuStart/Enercon
