Subject: Re: STP Site Audit Lessons Learned

They look good. I wonder if you might add a suggestion to develop a site audit check for use by PMs setting up future audits. That was a good idea brought up at our meeting the other day.

I will talk from the points that I sent you last week concerning the public meeting.

Hi Butch/Chet:

Here are my comments that I will give to management with regards to lessons learned at STP.

regards,

Paul
