Dear Mr. Holston:

On December 10, 2008, the NRC administered the generic fundamentals examination (GFE) section of the written operator licensing examination to employees of your facility. Enclosed with this letter are copies of the final answer key, the grading results for your facility, and copies of the individual examination answer sheets for each of your employees and NRC comments, if any. Please forward the results to the individuals along with the copies of their respective answer sheets. A "P" in the column labeled RESULTS indicates that the individual achieved a passing grade of 80 percent or better on the GFE. Those individuals having an "F" in the RESULTS column failed the examination.

A copy of the PWR GFE and the answer key are available for your review on the NRC's web site approximately 60 days following the examination administration date at: http://www.nrc.gov/reactors/operator-licensing/generic-fundamentals-examinations.html.
