Hi Laura and Steve, Here are two links:

http://www.osti.gov/bridge//product.biblio.jsp?query_id=0&page=0&osti_id=911860

http://www.osti.gov/bridge//product.biblio.jsp?query_id=0&page=0&osti_id=920706

One shows what a mitigation for a nuclear facility looks like; a similar thing might be done for Fermi 1.

The second is a preservation plan for EBR-1; You would not need one for Fermi-1, but since Fermi-1 was the first operating reactor based on the EBR-1 tecnology, I thought you might find it edifying.

Nice cruising Detroit with you both.

Darby
