Subject: RAI, Locations to be removed from the license
(NOTE: This will be used as the Documents Title in ADAMS)

I asked about the locations being removed from the license to get the additional information needed. Mr. Kwiatkowski told me that the U.S. Route 1 North and Commerce Boulevard location only had one use of 3 uCi carbon 14 which was contained the entire time. I asked him to send me the surveys and a statement of the activity at the location. For the 1001 U.S. Route #202 North location, I discussed options that he could submit the needed information to have the building removed from the license or transfer the rooms to their other license 29-16223-01 which has this address as their location of use. They would need to eventually submit the information when 29-16223-01 terminates the license or the location is removed from the license. I discussed the additional information needed in either case.

Action Required: Mr. Kwiatkowski will review the two options discussed and inform me which one he will decide. They will submit the additional information needed.
