Dear Mr. Schardan:

Enclosed is Amendment No. 3 amending your NRC Material License No. 24-23912-01 in accordance with your request. Please note that the changes made to your license are printed in **bold** font.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

This also refers to your facsimile letter dated October 9, 2008 (received January 15, 2009), notifying the NRC of the transfer of ownership and control of License No. 24-23912-01 issued to Systems and Electronics, Inc.. Based on the information submitted, the NRC consents to the transfer as described. The transferee should note their new responsibility and liability as an NRC licensee. Specifically, responsibility is emphasized with regard to any ongoing NRC inspection and enforcement issues, investigations, facility decontamination, and decommissioning funding resources.

Please note, we did not add Jason Blum and Gus Hoelscher as authorized users at this time because we need additional information regarding their training and experience using radioactive materials. Please see the enclosed request for additional information. Also, please note, William Schardan is already listed in License Condition 11 as an authorized user.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at http://www.nrc.gov/reading-rm/adams.html (the Public Electronic Reading Room).

Sincerely,
