Environmental Protection
and Performance Assessment Directorate
Division of Waste Management
and Environmental Protection
Office of Federal and State Materials
and Environmental Management Programs

SUBJECT: MEETING NOTICE – CONDUCT PUBLIC SCOPING MEETING FOR THE AREVA EAGLE ROCK ENRICHMENT FACILITY

DATE & TIME: June 4, 2009

Open House: 5:30 p.m. - 6:30 p.m.
Public Meeting: 6:30 p.m. - 9:30 p.m.

LOCATION: Shilo Inn
780 Lindsay Boulevard
Idaho Falls, Idaho 83402

PURPOSE: The purpose of the meeting is to listen and receive written public comments on the proposed scope and content of the Nuclear Regulatory Commission's (NRC's) environmental review. AREVA Enrichment Services (AES) LLC submitted their original license application on December 30, 2008, that proposes construction, operation and decommissioning of a gas centrifuge uranium enrichment facility near Idaho Falls, Idaho. On April 24, 2009, AREVA resubmitted the application, requesting an enrichment capacity increase.

*

NRC's environmental review will examine the potential environmental impacts of the proposed facility. The NRC staff seeks public comments to determine the range of actions, alternatives, and potential impacts to be considered in the environmental review and to identify significant issues related to the proposed action. NRC will transcribe the public comments received during the formal comment session.

Information and documents associated with this project, including the licensing application and environmental report are available at http://www.nrc.gov/reading-rm/adams.html (ML091210558) and on the NRC's AREVA Eagle Rock Enrichment Facility Web page: http://www.nrc.gov/materials/fuel-cycle-fac/arevanc.html.

The meeting will be preceded by an informal open house beginning one hour before the formal meeting for those who wish to attend. The open house will provide members of the public with an opportunity to talk informally one-on-one with NRC staff. Members of the public may register to present oral comments at the meeting by contacting Tarsha Moon at (800) 362-5642, ext. 7843, by May 28, 2009. Those who wish to make comments may also register at the meeting. Individual oral comments may be limited by the time available, depending on the number of persons who wish to speak.

If special equipment or accommodations are needed to attend or present information at the meeting, the need should be brought to the attention of Tarsha Moon at (800) 362-5642, ext. 7843, by May 21, 2009.

TYPE: This is a Category 3 Meeting*. The public is invited to participate in this meeting by providing comments and asking questions throughout the meeting.
