Just talked with Jerry, he came in this afternoon. He looked at the files and indeed they were shortcuts so I will have Shaunti get them loaded on a flash drive and prep it for mailing today.

In the Richland, WA reading room, 4 files in the "Met" directory are of immediate interest.

XDCALC Calculation of Routine Releases is in good shape and can be reviewed.

3 others exist only as shortcut filenames, namely:

Worker Dose Estimates.doc

GASPAR dose calculations.doc

LADTAP dose calcualtions.doc

Please see if these can be made available as soon as possible.

Thanks.....
