MR SATTAR LODHI

Reversing my letter of June 25th, 2009, I have agreed to remain as Radiation Safety Officer for Testwell, Inc., located at 47 Hudson Street, Ossining, New York 10562, until July 31st, 2009 in order to give them an opportunity to sell their radioactive material and cameras.

Once the materials and cameras have been sold, they wish to cancel their Radioactive Material license. I have also contacted Harry Wallenowski, the Court-appointed Trustee, and referred him to the NRC regulation overseeing companies involved in bankruptcy proceedings. He informed me he has forwarded these regulations to their legal department.

I will keep you informed every step of the way during this process and I appreciate your understanding during this difficult transition.

Please do not hesitate to contact me with questions or concerns. I can be reached at any time on my cell number 205-391-8641 or by email at Braqhat@yahoo.com.

Sincerely,

William D Reeve
