Subject: Fermi Scheduling letter

I just sent the following to Mark Tonnacci. He was going to bring the Fermi scheduling letter to me on Monday, but I won't be here. I've laid out the various options for dealing with this below.

Marcia C.

****

I will be out of the office both Monday and Tuesday. Any chance of having someone else bring the concurrence package today? I can get the electronic document and give my approval if it is final. If not, I won't be able to sign anything until Wednesday afternoon.

Alternately, you could have Marcia Simon look at it. She'll be in the office on Monday.

I'll look at the electronic document in either case, and I'll be sure to check my e-mail on Monday so I'll know which way you want to handle this.

Marcia
