Mr. Cicotte,

I am from the Balance of Plant branch, and I am working with Chang Li on reviews of sections 11.2, 11.3, & 11.4. With respect to Bell Bend, section 11.4 includes one supplement pertaining to the process control program. It does not appear that the supplement in 11.4 is within our scope.

Do you need us to provide you with any input?

Thanks for your help,

Doug Dodson
