Subject: RE: Potential agenda additions for April 9 meeting

Thanks. Here are the topics we'd like to propose, subject to the Staff's preparedness on the various topics:

- Pipe break (already on the agenda)
- Electrical (added but still tentative per Stephanie)
- Raw water (can the Staff provide status/discussion – probably a half hour?)
- SER schedule (can the Staff provide status/update – probably about a half hour?)
- Miscellaneous Status/Discussion – DCWG has a series of miscellaneous topics where we'll provide status information – can probably handle in a half-hour to an hour – or we can simply take whatever is left in the schedule for the meeting

Thanks for your support and consideration.

Hi,

I heard from Rich Grumbir that you were requesting additions to the agenda for the 4/09 meeting (tentatively scheduled from 9-12:30). We currently have pipe break hazards issues. We will try to accommodate what the schedule will permit.
