Subject: Call from reporter about GE-Hitachi GLE facility

I received a call from a reporter (Michelle Bliss) at WHQR in Wilmington. I answered questions about the purpose of the meeting we are having on May 19. I indicated that we are at the beginning of our review and described the scoping process.

The reporter asked if the facility is likely to be controversial. I indicated that it did not appear to be at our public meeting in July 2008 but that we will learn more about the community's reaction to the facility at our public meeting.

She indicated she had questions about the proposed facility and uranium enrichment so I referred her to you.
