Subject: Telcon Summary - Telcon with SCE&G 8/17/09

On August 17, 2009 NRC staff (Tanya Simms, Larry Wheeler, and Assaf Dvir) participated in a telephone conference call with SCE&G representatives and observers (see below) regarding the staff's detailed review of the Summer Units 2 and 3 COL application. The purpose of the call was to provide clarity to the requests for additional information (RAI) #3290.

The discussion focused on the applicant's water treatment facility, ancillary RWS, and reliability during a LOOP reviewed in FSAR chapter 9, Section 9.2.11 .

At the conclusion of the call, SCE&G stated that they will provide the response as well as modify figure 9.2-201 to clarify the water treatment facility.
