September 10, 2009

Mr. Glen Sachtleben, Deputy Branch Chief
Office of Infrastructure Protection
Protective Security Coordination Division
Department of Homeland Security
Washington, DC 20528

SUBJECT: TURKEY POINT COMBINED LICENSE APPLICATION

Dear Mr. Sachtleben:

On September 4, 2009, the U. S. Nuclear Regulatory Commission (NRC) accepted the Florida Power & Light, Turkey Point Combined License Application for docketing. Under the NRC-U.S. Department of Homeland Security (DHS) Memorandum of understanding (MOU), the docketing date begins the 10 working day period for the NRC to provide the docketed application to DHS.

The NRC-DHS MOU identified 90 days as the period for consultation. During our working level meetings, the staff clarified the consultation period to be 90 working days after the conclusion of a 10 working day period after the application is docketed. Therefore, we have scheduled January 29, 2010, as the date for the receipt of the Consultation Report. If there are problems in meeting this date, please contact me at your earliest convenience.

Sincerely,

Doug Huyck, Branch Chief ***/RA/***
Reactor Security Rulemaking and Licensing Branch
Division of Security Policy
Office of Nuclear Security and Incident Response
