Tekia
Will there be a second call in line available to cover the break out session held away from the Commissioner's hearing room during tomorrow's STP COLA public meetings?
10:30 a.m. - 11:10 a.m. Digital Instrumentation and Control STP
Location: T-10-A01

I have the call-in number for tomorrow's meeting as 1-888-566-6349 pass code 41340, but I assume that this number will only cover the main meeting room.
Thanks
